Business Overview

A brilliant opportunity has arisen for the right buyer to purchase a domestic cleaning company based in Stratford.

Since its establishment in 2014, the company has been providing an outstanding cleaning service to its many clients, building a highly regarded reputation in the process.

Now, due to the current owner's other business interests, the sale presents an opening for a new buyer to take advantage of the strong financial figures and brilliant reputation of the company, which can be utilised to build upon its already established success.

Business Description

The business operates as a cleaning company which services both commercial and domestic clients through a range of cleaning services including but not limited to office cleaning, sports club cleaning, restaurants, bars, hotels, end of tenancy cleans, construction cleans, domestic cleans, farmhouse cleans and flat deep cleans.

Professional staff are dedicated to delivering a complete cleaning package, each tailored to the customer's specific cleaning requests. Its three-step approach of assessing, moving and cleaning ensures no spot is missed and clients are wholly satisfied with the thorough cleaning service that the business is renowned for.

Its informative and user-friendly website allows customers to view the business's range of services in its entirety, as well as relevant contact details needed to make an enquiry. With no expenditure on marketing, the business has grown organically, acquiring a large and loyal clientele base who rely on the business for a sparkling home.

Opportunity

Suitable for a potential owner with industry experience, particularly a current owner-operator of a cleaning company looking to grow through acquisition, further steps could be taken to expand the business's profitability.

A more aggressive marketing strategy through the use of social media platforms would help to expand the area of coverage by engaging with new customers who reside outside the immediate realms of Stratford. Relocating the business would also inevitably help to provide similar benefits.
