- **Reputable clients**
- **Hardworking staff**
- **Waste Carriers license**
- **Huge scope for growth**

Business Overview

This is a fantastic and unique opportunity to take on a reputable waste disposal and house clearance business that is now available on a relocatable assignment.

Working hard for over 10 years to provide the most comprehensive rubbish removal service, the business has garnered an outstanding reputation throughout the Bristol area. Delivering a more complete service than its competitors, higher overall prices can be charged, resulting in brilliant financial figures. An efficient and professional removal service is provided whereby the company visits commercial or domestic sites and remove all kinds of unwanted items and waste including green waste, household and electrical items. Over 90% of objects are either donated to charity or recycled at licensed facilities safely, with a strong focus on reducing the amount of waste disposed of in a landfill.

Its network of clients has experienced considerable growth year on year, many of whom provide the business with repeat trade which makes up over half of its workload. Well-known clients are inclusive of the city's Cathedral and St Mary Redcliffe church, as well as a number of estate agents, banks, schools and property management companies. Although busy all year round, the business's trade is highest over the summer months, with student end of tenancies and associated clearances. A niche venture with a solidified customer base, this business possesses vast scope for generating enhanced profit, which could be taken advantage of by any committed and driven buyer.

Business Description

Although a lock-up premises is available to the new buyer, as everything is immediately recycled, a property to house stock or waste is not currently necessary, allowing the business to be run from home if the new owner desires.

At present, an easily navigable website forms the business's shop window, detailing its services and contact details. As well as the business' promotional video (<https://www.youtube.com/watch?v=IWNKNpDNyyo>), word of mouth has mainly promoted the business, forming its well-deserved reputation.

Opportunity

The fact that the business brand has been trademarked is also appealing to a new owner, as it has become a byword for the local industry and hence recognised as the leading waste removal brand.

As items are currently given away, a new owner could build on this by selling such items to add to revenue. Since little marketing is done at present, increasing this via additional social media platforms to widen the company's exposure. Building upon its current services to include provisions such as garden maintenance could also help to attract more customers.

With the current owner willing to stay on for a transitional period to be agreed upon, the new owner would receive a full handover with regard to business operations.
