The business does not as yet manufacture their own shutters, however they do provide a wide selection for customers to choose from.

Operations are run from a unit comprising a desk and computers, as well as a small show room. Towards the rear is an area for measuring and manufacturing products, alongside toilet facilities. All equipment, such as a large working table, sewing machine and automatic louvre machine, is included in the sale.

Opportunity

This is a great opportunity to take on a well-established and successful manufacturer of blinds which has a great location, long list of clients and a strong industry reputation.

Ideal for someone already working in this sector or perhaps a first-time buyer, a new owner would be able to take steps to grow the business further.

Marketing through social media platforms and perhaps directly approaching companies who may need the business's products would be a great way to gain new business. Opening during weekends would also increase the number of in-person visits the shop receives, which would lead to more sales.

The current owner would be willing to negotiate a transitional period in which  **intelligent** We Sell Businesses assist the new owner initially.
