Business Overview

"This review is long overdue but all the more worth it. I bought my Audi a5 back in February, I was extremely pleased with it then and even more so now. I just had it serviced from Audi who confirmed that my car is in good shape and has been well maintained. Furthermore, the customer service I received from the staff at SK was incredible. I thought Sam was great but Sanj was a total star! I would definitely recommend SK motors, I know I will be returning!" - Customer Review

Business Description

Offering a huge range of vehicles of all makes and models, the business attracts customers from far and wide, recognised for its reasonable prices and friendly, honest customer service. Each member of the team is highly experienced and takes time to understand customers' specific vehicle needs.

The business has lengthy opening hours between the hours of 10am-8pm throughout the week and collections are on an appointment only basis. Viewings are also appointment based, allowing the business to run more efficiently as owners need not sit around and wait for customers.

Operations run from a large outdoor space manned by two shipping containers converted into two offices. The storage yard accommodates space for 35 vehicles, with a double vehicle workshop.

The business benefits from £250,000 of stocking finance and has a Customer Credit Licence (CCL) which is regulated by the FCA, enabling it to broker finance for its customers.

Opportunity

This is a fantastic opportunity to acquire an established and successful vehicle dealership which has an unmatched reputation for used cars, strong financial figures and an easily accessible location.

Ideal for a current car dealership owner, preferably a used car dealership, or someone looking for a manageable lifestyle business, a new owner could take steps to grow the business further.

Hiring more staff would allow for multiple customers to be assisted at once. Potentially moving into a larger premises would also allow for more vehicles to be contained. Leaflet drops in the area would also raise awareness of the business and encourage more potential customers to visit.

The  **intelligent** apply to carry out a transitional period to hand the business over smoothly to a new proprietor.
