Business Overview

"Never ever have I come across an agency like quite like this. They are amazing people to work with, professional, kind, caring, extremely hard working. Absolutely brilliant in every way, I couldn't have asked for anyone better to come and work here. They are a pleasure to work with! Well done C ME Care, I wish them every success!" - Customer Review

Recently brought to the market is a specialist dementia, nursing, and residential care company that is based in Dorset.

The business is owned and operated by two experienced carers who founded the enterprise due to a vital missing gap in quality care resources for Dorset, therefore ensuring a consistently high-calibre level of care is always delivered by their team of staff. The company is unfortunately now only for sale due to health reasons, and so would benefit from being passed on to a new, similarly experienced owner/s.

The company has an impeccable reputation for quality amongst its customers, consequently garnering a loyal, returning client base in just a few short years. Both customers and staff value the outstanding and compassionate ethos of the company, who prioritise its core values of quality, kindness, and empathy above all else.

Business Description

The business is currently operated from office premises on the first floor of a building in Weymouth's town centre, complete with a main private office alongside shared WC and kitchen facilities.

However, the business is ultimately relocatable and can be moved to another setting of the buyer's choice.

The business presently has a dedicated team of 21 casual staff, all of whom carry out their care duties with the utmost levels of professionalism and attentiveness.

Unfortunately, a transitional period is not available with this sale.

Opportunity

This sale presents itself as an ideal opportunity for an experienced carer to take their career to the next level by running their own successful and highly reputable business.

Despite significant success so far, there is still a great level of untapped potential in the business. To unlock this, the new owner could design and implement additional marketing campaigns, perhaps by specifically targeting residential care homes. This would enable the buyer to establish new relationships and secure further contracts.
